

Schools Sports Premium 2017-18

What is the Sports Premium?

The Government provide additional funding in order to improve the provision of physical education and sport in primary schools and to encourage healthy lifestyles through the academic year 2017-2018. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport and will see money going directly to schools to be spent on improving the provision of PE and sport for all their children. This funding is ring-fenced and can only be spent on the provision of PE and sport in schools. Primary schools will be held accountable for how the additional funding is used to support pupils' participation and progress in PE and school sport.

We are required to publish on line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are fully aware of the PE and sporting provision at Newlands. Here at Newlands, we aim to create a culture that encourages all children to be active and have positive attitudes towards physical activity and healthy lifestyles. We recognise and value the contribution of PE and sport to the physical, mental and social well-being of all our children and understand how an innovative and varied PE curriculum and extra-curricular opportunities, can have a positive influence on the concentration, attitude and academic achievement of all our children.

<https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools>

Allocation

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. In the academic year 2017/18 Newlands will receive **£17,750**.

How is the Sports Premium spent at our school?

We aim to develop the provision of physical activity and sport for all. By encouraging collaboration and partnerships to fully utilise resources and enhance PE and sport provision, we will raise participation and achievement for all our pupils.

We regularly undertake an audit of our PE and Sport resources and provision and have developed a Sports Premium plan to raise participation levels and standards in PE throughout the school. Our rationale for the use of Sports Premium funding is that it must be used so that:

- All children benefit regardless of sporting ability.
- Staff have access to training opportunities and continued professional development.
- The most able children are given the opportunity to compete in tournaments with other schools.
- Activities can be subsidised for pupils with social or financial constraints e.g. swimming lessons, hockey sessions, football club, athletics coach, as required.
- We make use of collaborative and partnership working e.g. North East Hants School Games cluster, links with outside clubs and coaches, networking with local secondary schools and development of Young Sports Leaders.

Last academic year Sports Premium funding covered:-

- Investment in the professional development of staff so they are best equipped to teach high quality PE and school sport for years to come. This will include providing cover to release staff to achieve this.
- Setting up and running extra-curricular sports clubs, we have external specialists and staff run clubs.
- Supporting and engaging the least active children through new or additional sports clubs during the school day (playground supervisor, basketball club at lunch, table tennis tables, use of Play Leaders and Young Leaders).
- Increasing the amount of competitive sport in which our children participate (School Games and inter school competitions).
- Continue to take part in local sports competitions during the academic year.
- Subsidise swimming lessons to ensure all children can swim 25m by the time they leave our school and offer more able swimmers an environment which will stretch and challenge their swimming ability.
- Make links with other community sports providers and encourage pupils to join sports clubs out of school.
- Encourage children to improve their leadership skills through sport via our Young Sports Leaders training.
- Develop intra-school competitions.
- Invite athletes, gymnasts etc into school to inspire our children.
- Develop the outdoor and adventurous activities element of the PE curriculum, utilising the school's own grounds and facilities.
- Implementing a 'Daily Run' session in school to encourage children to keep active, fit and healthy.

Impact

We will evaluate the impact of the Sports Premium funding as part of our self-evaluation and provision mapping arrangements. We will look at how well we use our Sport premium to improve the quality and breadth of PE and sporting provision, including increased participation in PE and Sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of. We will look at involvement in sport through our sport survey and at progress through our school assessment system.

This academic year Sports Premium funding is planned to cover:

- Investment in the professional development of staff so they are best equipped to teach high quality PE and school sport for years to come. This will include providing cover to release staff to achieve this.
- Setting up and running extra-curricular sports clubs, we have external specialists and staff run clubs.
- Supporting and engaging the least active children through new or additional sports clubs during the school day (additional playground adult lead interaction, use of Play Leaders and Young Leaders).
- Increasing the amount of competitive sport in which our children participate (School Games and inter school competitions).
- Continue to take part in local sports competitions during the academic year.
- Subsidise swimming lessons to ensure all children can swim 25m by the time they leave our school and offer more able swimmers an environment which will stretch and challenge their swimming ability.
- Make links with other community sports providers and encourage pupils to join sports clubs out of school.
- Encourage children to improve their leadership skills through sport via our Young Sports Leaders training.
- Develop intra-school competitions.

- Invite athletes, gymnasts etc into school to inspire our children.
- Develop the outdoor and adventurous activities element of the PE curriculum, utilising the school's own grounds and facilities.
- Continuing a 'Daily Run' session in school to encourage children to keep active, fit and healthy.

2017-18 Planned Sports Provision

2017/18	Autumn		Spring		Summer	
Year 1	Dance – We're going on a Bear Hunt Games – throwing & catching	Court Dance – perform at Royal Banquet	Dance – Travelling and Balancing	Gymnastics - balance	Gymnastics - balance	Dance Team Games
Year 2	Ball Skills	Dance	Throwing & Catching	Dance	Gym Games Creation	Team Games Rules Creation
