15<sup>th</sup> October 2018

Dear Parents,

At Newlands Primary School we have close to 200 unique and special children walk through the doors each day. On Friday 19<sup>th</sup> October, we are planning a 'celebrating differences' day, where all children will take part in colour team activities. For this day, children still have to wear their normal uniform but may come to school wearing their colour team t-shirts instead of their school t-shirt.

In our school, like many others, we want to encourage an inclusive environment where all children feel safe and supported. For our children to have a broader understanding of additional needs, we want to highlight, once again, that we are all unique and individual and we can all achieve great things.

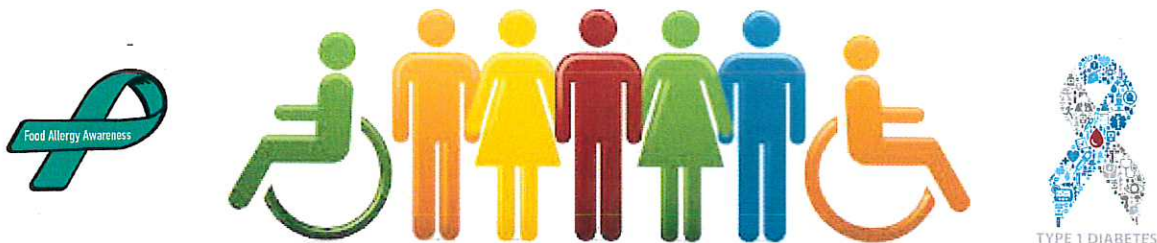

I have arranged a variety of different activities for the children to enjoy during the day and we will all experience the challenges that other individuals face on a day to day basis with the aim that we can all gain a deeper understanding of the people in the world around us.

Some of the children in our Year 6 class have been selected to visit a local community special school with me prior to this event and they will be sharing their visit and what they have learnt and experienced with the rest of the school.

We would like to invite all parents onto the playground at 3pm on this date to share with you some of the skills that we have gained.

We would be delighted if you can join us for what we hope will be a memorable occasion.

Louise Walker  
SENCo
