Dear Children & Parents,

Today we are all very excited about our first ever Y3 sleepover. Mrs Furzland has done a fantastic job bringing everything together. The children have a fun evening of activities planned for them and probably not much sleep. It has been herculean effort navigating risk assessments and ensuring that we have enough adults to both staff the activities and serve as an active fire alarm, one adult must be awake at all times. I'm very much looking forward to my 3am to 6am shift walking the halls.

Earlier this week we had a FONDS Committee meeting here at the school. Miss Davies very kindly provided childcare allowing a mixture of parents and school staff to set plans for this term and beyond. I'm very excited about the upcoming events starting with our Jubilee celebrations next Thursday. FONDS do an absolutely fantastic job enriching the childhood experience of our children while raising much needed funds, I'm constantly in awe of their passion and commitment. Today you will have been sent some Amazon Smile instructions. Please do take a few minutes to set this up on your account, it's a great way of generating money for the school at no cost or inconvenience to yourselves.

Yateley Lions are holding a Jubilee Charity Prize Draw with prizes including a flying lesson, an Asus Cloudbook and afternoon tea at Tylney Hall. Tickets are £1 each and Yateley Lions are kindly donating 50p from the sale of each ticket back to the school. You can buy tickets at drop off each morning until half term; the draw will take place on 2nd June at the Yateley Community Picnic.

- 30th INSET—School closed to children

July 2023

- 21st Break up for Summer at 1:30pm

PTO for Oak Class photos.

Oak Class– May 2022

Another busy few weeks in Year 2! It's only a short term and there is always so much to fit in! We are making 3D sculptures out of paper and using glitter to find out how germs spread and which is the best way to wash our hands. We have also been mixing primary colours to make secondary colours ready for our art work based on the Great Fire of London. The children have been programming Beebots to travel around a track in the classroom.
