

We trust that the parents who choose Newlands for their child will work with us, uphold our key values and are willing to enter into a genuine partnership to ensure the best educational experience for their child.

We aim for teachers and staff, children and parents to work together as partners in order to provide the best possible education for all of our children.

Newlands Key Values:

RESPECT

BE RESPONSIBLE

BE SAFE

BE KIND

At Newlands, we value our children as individuals. Developing the whole child is important to us and that aim is reflected in all we do. We are a small school that has a real pride in the close relationship we have with our community. We seek to understand the needs of our children and work to ensure that together, with you, we can provide a holistic and relevant education that will prepare our children for the future.

We believe that the partnership between the school, the pupils and the home is of great importance in ensuring the most effective learning environment. Each child is encouraged to be actively engaged in their own learning, to be motivated and eager and to achieve and attain to their own full potential – thus making them proud of themselves and of being a member of the 'Newlands Family'.
